

### Distributore Ufficiale

### Additivi per materie plastiche ed elastomeri

|                         |      |          |  |
|-------------------------|------|----------|--|
| Akzo Nobel Chemicals    | EEC  | ISO 9001 | Antistatic - Lubricant - Conductive Carbon Black - Polymer Additives                     |
| Croda Polymer Additives | EEC  | ISO 9001 | Slip and Antiblocking - Cell stabilizers Additives - Antifog - Antistatic - UV Absorbers |
| FerroBrom®              | Cina | ISO 9001 | Brominated Flame-Retardant Additives: Aliphatics, Aromatics, Polymeric                   |
| FerroFlam® HF           | Cina | ISO 9001 | HF-FR Additives: APP - Phosphate - Phosphine - Red Phosphorus - Melamine - Sulphone      |
| FerroFlex®              | Cina | ISO 9001 | Sulfonamides and Sulphone Plasticizers   |
| FerroFlon®              | EEC  | ISO 9001 | PTFE micropowder as Lubricant and Antidripping agents                                    |
| FerroCell®              | KOR  | ISO 9001 | Exothermic Foaming agents and activators   |
| Microcell®              | EEC  | ISO 9001 | Endothermic Foaming agents and nucleants for XPS   |

### Masterbatches per materie plastiche ed elastomeri

|                       |      |          |   |
|-----------------------|------|----------|---|
| Atmer®                | EEC  | ISO 9001 | Antifog - Antistatic - Lubricant - Cell stabilizer - UV Absorber concentrates           |
| Nourymix®             | EEC  | ISO 9001 | Slip - Antiblocking - Antistatic high concentrate masterbatches                         |
| FerroBlack®           | EEC  | ISO 9001 | Engineering High-tech Black masterbatches and Conductive compounds                      |
| FerroFlam® Br-MB      | EEC  | ISO 9001 | Brominated Flame-Retardant masterbatches  |
| FerroFlam® HF-MB      | Cina | ISO 9001 | Halogen Free Flame-Retardant masterbatches  |
| FerroFlam® RP-MB      | Cina | ISO 9001 | Red Phosphorous Flame Retardant masterbatches   |
| Uniflam               | Cina | ISO 9001 | Antimony Trioxide and Hydrotalcides masterbatches                                       |
| SiliconLube           | Cina | ISO 9001 | High tech Lubricant - Antiwear - Flame-Retardant masterbatches                          |
| FerroLube®            | EEC  | ISO 9001 | High tech Lubricant Molybdenum Disulfide - Graphite - PTFE masterbatches                |
| FerroSlip®            | EEC  | ISO 9001 | Hot slip - Fast & Slow Slip - High & Medium Slip masterbatches                          |
| FerroMod®             | EEC  | ISO 9001 | Reological & Intrinsic Viscosity Modifier masterbatches for PET, PBT, PA6 and PA6.6     |
| FerroBlock®           | EEC  | ISO 9001 | Synthetic & Natural Silca antiblocking masterbatches                                    |
| FerroStab UV          | EEC  | ISO 9001 | UV Stabilizer - UV Absorber masterbatches Film and Fiber grade                          |
| Ferroxide®            | EEC  | ISO 9001 | DCP - DTBHP - SIPP Peroxide masterbatches   |
| FerroCling®           | EEC  | ISO 9001 | Polysobutylene & Atactic Cling and Tackifier masterbatches                              |
| FerroCell®            | EEC  | ISO 9001 | Exothermic Foaming agent masterbatches  |
| Microcell®            | EEC  | ISO 9001 | Endothermic Foaming agent masterbatches   |
| Solasorb™             | EEC  | ISO 9001 | Ultra-Fine metal oxides UV absorbers masterbatches for plastics                         |
| Metaflake             | EEC  | ISO 9001 | Aluminium pigment Glitter - Sparkling - Luster effect masterbatches                     |
| PW Hall               | EEC  | ISO 9001 | Color Masterbatches for cables in PVC - TPU - TPE - EVA - PBT - PE and for rigid pipes. |
| Goulston Technologies | USA  | ISO 9001 | Hydrophobic & Hydrophilic masterbatches Film and Fiber grade                            |
| Beki-Shield®          | EEC  | ISO 9001 | Stainless Steel Fiber masterbatches for EMI-Shielding and ESD applications              |
| C-Polymers            | EEC  |          | Carbon Nanofibers filled masterbatches and compounds                                    |

### Resine PETG ed Elastomeri SK Chemicals

|          |     |          |   |
|----------|-----|----------|---|
| Skygreen | KOR | ISO 9001 | Skygreen PETG - PCTG e Skypet BR: resine trasparenti per estrusione, soffiaggio, stampaggio |
| Skypel   | KOR | ISO 9001 | Elastomeri TPEE per estrusione, film e stampaggio   |
| Skythane | KOR | ISO 9001 | Elastomeri TPU per estrusione, film e stampaggio  |
