

Masterbatches for Plastics and Elastomers

ColorMaster Service	Europe	Colour and Additives Masterbatches for Film, Extrusion, Moulding
FerroBatch®	Europe	Mono-Pigment Colour Masterbatches for PE – EVA – PP – PS – PA6
FerroBlack®	Europe	High-tech Black Masterbatches on Carbon Black - Nigrosine – Low PAH value
FerroMilk®	Europe	White Masterbatches for LDPE – PA6 – SAN – POM – PET - PETG
SiliconLube	China	High-tech Lubricant – Antiwear – Antiscratch - Flame Retardant Masterbatches
Beki-Shield®	Europe	Stainless Steel Fiber Masterbatches for EMI-Shielding and ESD applications
FerroDetect	Europe	Metal Detectable and X-Ray Detectable masterbatch
Graftapor™	Europe	Microporous polymers with porosity up to 70% for the production of concentrate MB
Graftabond™	Europe	MAH-GMA Grafted polyolefins for glass filled PA & PP and HFFR wire& cable compounds
Graftamid™	Europe	Block co-polymers EBA - PA6 - PA6.6 - PA46 - PA12
FerroFlam® Br-MB	Europe	Brominated Flame-Retardant Masterbatches and ATO-free FR Masterbatches
FerroFlam® HF-MB	Europe	Halogen Free Flame-Retardant Masterbatches for PC – Alloy ABS/PC
FerroFlam® RP-MB	China	Red Phosphorous Flame Retardant Masterbatches for PA6 – PA6.6
FerroStab®	Europe	UV - UVA - AO Masterbatches for Film, Fiber, Extrusion, Moulding grade
FerroSlip® OL-ER-SL	Europe	Hot Slip – Fast and Slow Slip – High & Medium Slip Masterbatches
FerroBlock®	Europe	Synthetic & Natural Silica Antiblocking Masterbatches
FerroStat®	Europe	Fast and Slow Antistatic Masterbatches for LDPE – PP – PS resins
FerroParfum®	Europe	Fragrance Masterbatches for LDPE – EVA – PVC – TPU – TPE
Odor-Free®	Europe	Odour Absorber Masterbatches for LDPE – EVA – PVC – TPE – Mater-BI
FerroClear®	Europe	Clarifying and Nucleant Masterbatches for PP
FerroCling®	Europe	Polysobutylene & Atactic PP Cling and Tackifier masterbatches for LLDPE film
FerroSilver®	Europe	Masterbatches and Pastes of Aluminium pigment. Glitter – Sparkling – Luster effect
FerroCor VCI	Europe	Anticorrosion Masterbatch for Blown – Cast – Stretch VCI Film
FerroCell® & FerroFoam®	Europe	Exothermic and Endothermic Foaming agent masterbatches for TPE – EVA – PE – PS
Ferroxide® & FerroFlow®	Europe	BPDH / BIBP Fluidizer Peroxide masterbatches for PP compound and HDPE pipe
FerroCure®	Europe	DCP/ BPDH / BIBP crosslinking peroxide masterbatches for LDPE foam and EVA
FerroLube®	Europe	Fluoro Polymer - Molybdenum Disulphide – Graphite Masterbatches – EBS amides
FerroSan®	Europe	Antimicrobial Masterbatches for LDPE – PP – PS – PA
Uniflam	Europe	Antimony Trioxide - Zinc Borate Masterbatches
Antirodent MB	Europe	Anti-rodent and Anti-termite Protective Masterbatch for electric cables and pipes
Masterdry	Europe	Dessiccant masterbatch for polyolefines
Ferrosorb / Ferrorepel	Europe	Hydrophilic and Hydrophobic masterbatch for nonwoven PP fabric/cloth
Atmer™ Croda	Europe	Antifog – Antistatic – Lubricant – Cell stabilizer – UV Absorber Concentrates

Additives for Plastics and Elastomers

Croda Polymer Additives	Europe	Slip and Antiblocking – Cell stabilizers Additives - Antifog – Antistatic – UV Absorbers
FerrocCell® and FerroFoam®	Korea	Exothermic and Endothermic Chemical Foaming agents in powder form
CleanXpress®	Europe	Purging Agent compound for Extrusion – Injection Moulding – Blow Moulding
FerroBrom®	China	Brominated Flame-Retardant Additives: Aliphatics, Aromatics, Polymeric
FerroFlam® HF	China	HF-FR Additives: Melamine Cyanurate - Red Phosphorus - Sulphones
FerroFlon®	Europe	PTFE micropowder as dry Lubricant and Antidripping agents
SiliconLube	China	Polysiloxane Powders: High tech Lubricant – Antiwear – Antiscratch - Flame Retardant
Carbon Black	China	Gas and Furnace Carbon Black High Jet and HAF – Low PAH Value 45ppm

SK Chemicals PETG Resins & Elastomers

Skygreen®	Korea	PETG–PCTG: transparent resin for Extrusion Blow moulding, Injection Moulding
Skypei®	Korea	TPE-E: thermoplastic Co-polyester Elastomer for Extrusion, Film, Injection Moulding
Skypura®	Korea	PCT: A high performance engineering plastic with excellent thermal stability
EcoZen®	Korea	Bio-Co-polyester BPA Free, with excellent chemical resistance and high thermal stability
